PROFESSIONAL SUMMARY

Results-driven Information Science and Engineering graduate with hands-on experience in frontend development, full-stack web application development, and data analysis. Proficient in React.js, Node.js, Python, SQL, and modern web technologies. Experienced in building responsive UIs, RESTful APIs, database-driven applications, and deriving actionable insights from data. Available for **immediate joining** as a Frontend Developer, Full Stack Developer, or Data Analyst.

EDUCATION

NIE Institute of Technology

Bachelor of Engineering – Information Science and Engineering | CGPA: 8.3/10

Mysore, Karnataka

2021 – 2025

- Affiliated to Visvesvaraya Technological University (VTU)

VVS Golden Jubilee PU College

Pre-University Certificate (PUC) – Science (PCMB) | Percentage: 87.28%

Mysore, Karnataka

2019 – 2021

Vidya Vardhaka Pandit Nehru High School

Secondary School Leaving Certificate (SSLC) | Percentage: 89.38%

Mysore, Karnataka

2018 – 2019

WORK EXPERIENCE

Chromosis Technologies Pvt Ltd

Full Stack Developer – Apprenticeship

Hubli, Karnataka

Dec 2025 – Present

- Developing and maintaining full-stack web applications using modern frontend and backend technologies.
- Building responsive user interfaces and integrating RESTful APIs for seamless data communication.
- Managing relational and non-relational databases to ensure efficient data retrieval and application performance.
- Participating in end-to-end testing, debugging, and deployment pipelines for production-ready applications.

Hewlett Packard Enterprise

Frontend Developer Intern

Bengaluru, Karnataka

2024 (4 Months)

- Developed responsive web applications using HTML, CSS, JavaScript, and React.js, improving UI consistency across platforms.
- Integrated REST APIs to connect frontend interfaces with backend services, reducing data fetch latency.
- Collaborated in Agile/Scrum teams, contributing to sprint planning, code reviews, and debugging sessions.
- Ensured cross-browser compatibility and mobile responsiveness across all delivered features.

PhoneMax (S & S Co Inc)

Digital Marketing Executive

Mysore, Karnataka

2023 (6 Months)

- Increased regional sales by 25% through targeted promotional campaigns and strategic partnerships with local retail distributors.
- Managed social media campaigns and online promotions, enhancing brand visibility and audience engagement.
- Analyzed campaign performance metrics to optimize marketing strategies and drive lead generation.

PROJECTS

Two-Way Communication System for Deaf People | Full Stack, Python, React.js

- Designed and built a full-stack real-time communication platform using React.js frontend and Python (Flask/FastAPI) backend, enabling seamless interaction between deaf and hearing users.
- Integrated computer vision pipeline using OpenCV and MediaPipe to capture and process sign language gestures, achieving over 95% recognition accuracy.
- Implemented speech-to-text and text-to-speech pipelines using SpeechRecognition and gTTS, enabling bidirectional real-time communication.
- Designed and managed MongoDB/Firebase database schemas for user data, session logs, and communication history.

- *Tech Stack: React.js, Python, Flask/FastAPI, OpenCV, MongoDB, gTTS, SpeechRecognition, Git*

Car Rental Management System | Full Stack Web Application

- Built a full-stack vehicle rental platform enabling users to browse vehicles, book rentals, manage reservations, view rental history, and process payments end-to-end.
- Designed and implemented an admin dashboard for managing cars, customers, bookings, dynamic pricing, and real-time inventory tracking, improving operational efficiency.
- Secured application using JWT-based authentication and bcrypt password hashing, reducing unauthorized access risks.
- Automated rental workflows using Node.js and Express.js, reducing manual processing time and improving system reliability.
- *Tech Stack: React.js, Node.js, Express.js, MongoDB/MySQL, JWT, bcrypt, Git, Postman*

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Bootstrap, Angular, Responsive Design

Backend: Node.js, Express.js, PHP, Flask, REST API Development

Programming Languages: Python, JavaScript, PHP, SQL, Java, C

Data Analysis: Python (Pandas, NumPy, Matplotlib, Seaborn), SQL, Jupyter Notebook, Excel

Databases: MySQL, MongoDB, Firebase

Tools & Platforms: Git, GitHub, Docker, Postman, VS Code, Power BI (basic)

Cloud & DevOps: Microsoft Azure, Agile/Scrum, Cross-browser Compatibility

Core Concepts: Full Stack Development, UI/UX Principles, Data Visualization, Database Design

CERTIFICATIONS

Microsoft Certified: Azure AI Fundamentals (AI-900)

Microsoft Azure AI Associate

Microsoft

2024

CORE STRENGTHS

UI/UX Sensibility: Strong eye for clean, responsive, and accessible interface design across devices and browsers.

Data-Driven Thinking: Skilled at querying, cleaning, and visualizing data to surface meaningful business insights.

Full Stack Versatility: Comfortable working across the entire stack – from pixel-perfect frontends to robust backend APIs and databases.

Problem Solving: Proven ability to debug complex systems, optimize queries, and resolve UI/UX issues under tight deadlines.

Collaborative Team Player: Effective communicator with hands-on Agile/Scrum experience across development and internship roles.

Attention to Detail: Meticulous in code quality, cross-browser testing, and data accuracy to deliver reliable software.

Quick Learner & Adaptability: Rapidly acquires new frameworks and technologies; demonstrated across React.js, Node.js, Python, and SQL.

Immediate Availability: Ready to join and contribute from day one with no notice period.

LANGUAGES

English (Professional Proficiency) | Kannada (Native) | Hindi (Conversational)
